

Thank you for your interest in the Churchwood artist gallery. Our new gallery space is about 700 square feet. Has Reclaim maple flooring, exposed brick, adjustable track lighting, original tin ceiling, an easy to use hanging system, and a reclaimed wood center table for serving food at receptions.

We rent the walls of the space for one month at \$250 and the artist has one art reception, after hours, but is responsible for taking payments. if the artist takes payment there is zero commission split with gallery. At any point Monday through Saturday 10-6, if the artist would like to meet potential customers at the gallery they may sell, responsible for transaction, and take 100%. Throughout the rest of the month if a painting is sold by the store the split is 60/40 (60%artist).

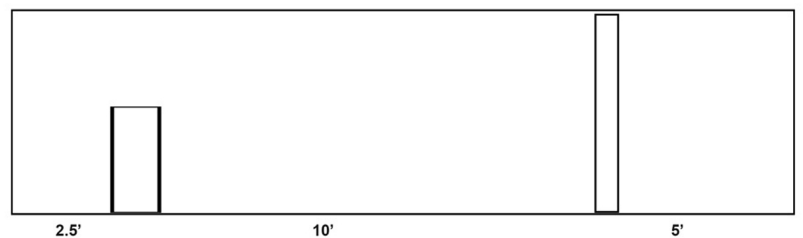

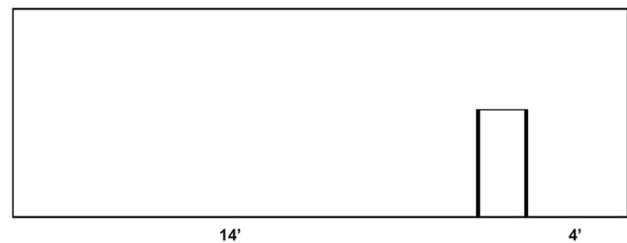

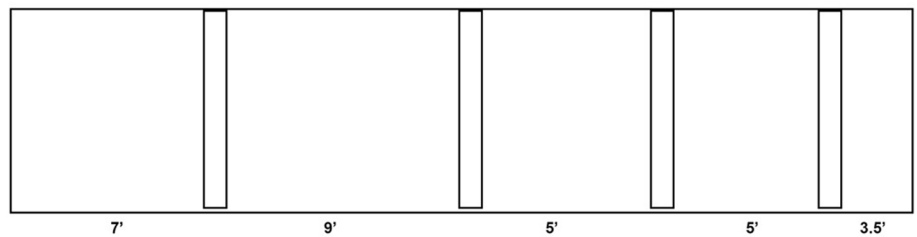

Artist is responsible for hanging their own show. Work does not have to be framed. Artist is responsible for providing any refreshments at Artist reception. Artist is responsible for providing high resolution images of artwork, headshot, and information like Bio and Process. Artist is responsible for replacing sold art with new art when sold art has been removed from the gallery.

Gallery will get temporary license if wine is served. Gallery will be responsible for trash from reception. Gallery will include marketing of art reception on the Churchwood Gallery Instagram and Facebook page as well as the Churchwood Gallery emails. Preservation Framer will include Artist reception in its email campaigns.

Let us know if you are interested. Feel free to swing by anytime Mon-Sat 10-6 to see the space. interested artists should send email to: [matt.slobogan@preservationframer.com](mailto:matt.slobogan@preservationframer.com)

BELOW ARE THE WALL MEASUREMENTS

NOT INCLUDED IN THE PHOTOS ARE TWO STORE WINDOWS WITH EASELS FOR ARTIST USE.
